INTENSIVE STUDY PROGRAMME

A six-day Intensive Study Programme on travel writing is due to take place in Porto in January 2021.

Master students from three universities of the consortium (UVSQ, Porto and Marburg) will engage in this ISP. Students need to follow the joint online course on travel writing studies (Winter semester 2020-2021) before the ISP.

An evaluation of the teachers' and students' experiences will be conducted to assess the efficiency of blended mobility on the students' key competences.
